KING'S College LONDON

How do I host a King's College London Placement?

Before Advertising	→	Advertise your role and undertake all recruitment stages	→	Offer Placement to successful candidate	→	Before start of Placement

- Review our Work-based Learning Terms & Conditions
- Contact us at globalplacements@kcl.ac.uk to discuss your placement(s), ask about targeted emails and how we can support you

- Advertise your placement role on King's CareerConnect
- Deliver your standard recruitment and assessment process
- If recruiting exclusively through King's, we may be able to support in the process, e.g. collating applications

- Contact the successful candidate, offer the position and encourage them to notify us
- Contact unsuccessful candidates and offer feedback

- Student notifies Global Placements Team of secured Placement
- Student completes Host agreement, which is then sent to the Host Organisation for signing prior to start of Placement

Typically June – February	→	Typically October – May	→	Typically February – June	→	Placements can begin from June

> " The calibre of applicants from King's is incredibly high and they are always a strong asset to our development team, and in turn we offer challenging and fulfilling work during the placement. we always remain in touch with our placement students, and we hope that we can bring many back into the company once they have finished their studies. "
>
> **PaperPlanes – hosted Computer Science BSc students in 2021/22, 2022/23 & 2023/24**
